History

Toward the last of August, 'way back in 1940, thirty and six semingly bright-looking, bewildered little kiddies came to school with their mommies, brothers, sisters, or friends. Of these little seekers of knowledge, eleven have remained together throughout their twelve years. They are: Virginia Boller, Shirley Carrington, Doyne Cooper, Richard Crosby, June Holland, Esther Kelly, Lola Pickel, Max Pickel, Charles Rady, Arlene Shuee, and Raymond Wilson. We all made it safely, except Evelyn Witt who left us, through the first grade.

In the second grade, Wilma Bonifacius and Edna Harmless came to join our adventure in the world of learning, but we lost Glean Cope.

We gained four new members in our third year. They were: Dianne Henley, Joan Green, Barbara Zachary and Frank Plunkett. Little did we know that little Frank would later become a 6 ft.-4 in. senior. This year, we lost Dickie Robbins, a heartbreak to a lot of little girls.

Well, it seems our class can't gain for losing. The fourth year, Wilbert Clark, Joan Green, and Wilma Bonifacius left us, but we gained James Miller, Lola Webb, Robert Abrams, and Bob Allen. Bob has remained with us through the rest of our school years.

In the fifth grade, we gained two, Martha Jones and Samuel Pratt, but we lost Robert Abrams, James Miller, Barbara Zachary, Imogene Anderson, and Ina Lou Rector.

At last we are the leaders of grade school. This sixth year, Virginia Gibbs left us. Nancy Huber moved from Indianapolis and joined our class.

Our grade school history wouldn't be complete without mentioning the teachers who directed our study and play and to whom we are indebted for the fundamentals of our education. First of our teachers was Gladys Sutherland, who is now teaching in Greencastle schools. Our second grade teachers was Mrs. Ruby Perkins Everman, now teaching at North Salem. In the third year, we had Mrs. Helen Hanna, now a homemaker in Roachdale. Our fourth year, the class was divided with Mrs. Hanna and Miss Verona Clappitt as our teachers. Miss Clappitt, the only one of our grade teachers still teaching in Roachdale, also directed us through our fifth year. In the sixth grade, we had a strong and firm hand to guide us through a tough year, Mr. Eston Cooper, who taught at Roachdale 17 years.

Then came the big thrill--our first year upstairs and Junior High--what a class, the largest known in our History. All additions and no losses this year. Wayne Kelly, Melvin Lanham, Virgil Asher, Betty McCloud, Don and Jim Robinson, Kenneth Moore, Roe Webb, Bob Thompson, Richard Holland, Gladys Brooks, Evelyn Witt and Eddie Thompson joined us, however, only Bob, Richard, and Gladys are among the 26 graduating Seniors.

During the eighth year, we gained one new member, Sue Thompson.

August 1948 rolls around. Now we are actually green Freshmen. All the Barnard Freshmen entered R.H.S. that year. They were: Mary Eggers, James Carrington, Helen Falconbury, Silas Rolk, Larry Jones, and Marguerite Page. Evelyn Witt also rejoined our class. As confident Freshmen, we set to work. We felt ourselves a power in the school. With feverish class spirit, we entered into school activities. Our part in the Halloween Carnival set us on the way to financial success. We were duly initiated and became full-fledged members of R.H.S. We achieved success in all our efforts this wonderful green year of ours. We, being young, learned fast and soon.

Our Sophomore year dawned forth, we now moved to the assembly and fought on and continued to gain victories for ourselves at R.H.S. Remember the sublime condescension with which we showed the "Freshies" the rope? Also how the Juniors lorded over us. This year, Wilma Bonifacius moved from Eubank, Kentucky and rejoined our class. Shirley Oakes from Bainbridge and Bruce Bartlett from Indianapolis also joined our class. Three of our classmates made the Varsity team--Bob Allen, Bob Thompson and Frank Plunkett. Again we lost some of our members--Lola Webb, Evelyn Witt, Marguerite Page, and Sue Thompson.

Suddenly we realize we are Juniors. In this third year, new fields are opened and there are now only twenty-eight of us to assume leadership. Class rings, Junior Play, Magazine Sales, etc. Toward the end of the year, there were the delightful secrets of Junior and Senior Reception--holding the Seniors in suspense and for the first time Commencement held a significant meaning to most of us. That year Dianne Henley and Betty McCloud left us.

Summer vacation, then Senior dignity! This year was pretty smooth (?) sailing--"it's in the bag". For once we had no additions nor subtractions--just a few complications. Softball games, Assembly Program, basketball games, deep-snow and ice, no school, square dances, skating party, a touch of Senior-iteous, Semi-formal Dance, tourneys, Senior credits, Annual, Senior play, Junior and Senior Reception--Graduation exercises and Senior happiness.

Thus on the 22nd day of April, 26 of us pass into the waiting arms of the future. The past is gone--often to be recalled but never to be remade.

Wilma Bonifacius

Prophecy

"Grow old along with me; the best is yet to be: the last of life, for which the first was made..." Browning had the right ideas there. So, for a few minutes, grow a little older with the class of 1952.

We now take the class into the future year of Yehudi: We see all, hear all, know all and tell everything.

Bob Thompson has been chosen "Salesman of the year for his outstanding ability to sell his newly invented refrigerators to the Eskimos at the North Pole. They make a warm place for them to sleep in on cold nights.

Max Pickel is Mayor of Carpentersville and resides on Corncob Avenue. As a side line, he is a successful Auctioneer. He also courts the Belles of Carpentersville.

Jim Carrington is looking for a car that can be directed by remote control to bring him home from Indianapolis as he is still traveling the familiar road to Barbara's house.

Dick Crosby is now the most prominent billiard player in our locality. He is also head of the Information Bureau.

Silas Ronk, a big game hunter in Africa, hunts field mice for scientific research.

Wilbert Clark has grown a small mustache, about a foot long, and is now telling the younger generation how hard he worked at school.

Ray Wilson, we are sorry to say, has met a sad end. While working in a circus he tied himself into a knot with the circus fat lady that he cannot get untied.

June Holland is kept busy all day trying to keep tab on her husband from Hollywood--Lou Costello.

Dick Holland is now a mechanic in Stumptown working on old luggages--baby luggage that is.

Frank Plunkett is having a housing problem, since he is now six feet fourteen inches and still growing.

Charles Rady has returned from a two year hunting expedition in South America. Charles is still single and by the way still looking for the one and only.

Shirley Oakes is President of the Green Thumb Society. She and Johnny, the new heads of the Raccoon Greenhouses, have settled down to raise their six children.

Wilma Bonifacius has finally consented to marry Speedy. They are moving to Kentucky to make their fortune on "stills".

Nancy Huber, Personnel Manager for Ayres Department Store, flies to New York every weekend to buy new clothes.

Lola Pickel is now playing in the Broadway Hit "I Caught My Man." She is married to John Crosby.

Mary Eggers has gone West to claim her gold mine, which she inherited from her uncle. She spends her spare time counting her income.

Esther Kelly is a hearty worker for the Salvation Army. Any school-mates who wish to see her will find her standing on the main street at Roachdale with her little Copper Kettle.

Gladys Brooks, head librarian at the Roachdale Library, is married to Harold Bookworm and is raising their four children.

Virginia Boller, after graduating from Nurses College, has volunteered to go into the African Jungle to take care of the sick natives. She is flying there in her own plane.

Edna Harmless turned traitor to the Army---she married a Sailor.

Bob Allen now owns a mink farm in Stumptown and is making very good money. He and Pat reside there with their two children.

Arlene Shuee has finally settled down to the quiet farm life with Melvin and their sixteen kids (goats, that is).

Shirley Carrington is now living on the West Coast, so she can keep an eye on LeRoy who is still seeing the world from the Navy standpoint.

Bruce Bartlett is now studying the Moon from his cabin in the woods ---alone.

Larry Jones is now giving Goose Tatum a run for his money at basketball. He is still running--from Milna Beth.

Doyme Cooper is still making his week end runs to Kentland to see Sue. They are to be married when he is financially able.

This peeping into the class was done by two old Bachelors of the class. ---Charles Rady and Silas Ronk.

Diary

- August** 24 Organization Day - 8 1/2 months of school.
27 Back with our noses to that old familiar grindstone. New teachers, new classes, and new schedules combined to make first day interesting, if hectic. But even on this dark day, there is something to look forward to - only 287 more school days till liberation.
- September** 4 Beginning of softball schedule - started off with a big bang!!!! Well enough for that--
5 Schools out for a big day at the Indiana State Fair.
- October** 5 Report cards come out. Twenty-six Seniors confined to quarters.
10 Change in room schedule of classes, due to preparing stage for Junior Play. Several students discovered wandering about halls in state of coma, due to confusion over location of rooms.
24 Performance of Junior Play, other than a few broken limbs and a wet seat or two, they brought their play to a great success with Mrs. Garriott as director.
25-26 A very much needed 4 day vacation, due to the Indiana State Teachers Association.
27 Our first Square Dance was held at the school gym. A good time was had by all, regardless of aching joints the next day.
- November** 2 Our first basketball game of the season with Waveland. Hawks being defeated several points.
■ Alas the game with Bainbridge "Our old rivals" had arrived, with Roachdale outscoring 21 points. Making up for our poor start. Also had Senior pictures taken - Joy, Joy, no classes!!
12 National Education Week - Observed by all !!!
16 Our third game of the season, with another victory over Reelsville. Pretty tough team to beat.
22-23 Thanksgiving Vacation.
- December** 3 A very impressive Christmas Program was given by the elementary grades for P-T-A Meeting.
18 Vacation! starts a week early due to bad weather. Disappointment to all!
31 Return - Exams - No serious casualties among the students.
- January** 11 Photographer took pictures for the annual. Another confusing day!! But we don't mind, again we had no classes.
19 Semi-Formal Dance. Dick McKinsey and his orchestra furnished the music. Everyone seemed to have a good time.
25-26 County tournament held at Greencastle. Our boys played a thrilling game against Russellville. Hawks being beaten by only 4 points. Incidentally Russellville came out on top, beating Reelsville by 4 points the final game.
- February** 14 Valentines Day. Mail service clogged. The question's whose been sending the strange letter to Frank.
16 State solo and ensemble contests at DePauw. We had 79 entries this year. Pretty good.
20 Senior exams - This is a day we've all been waiting for. Ugh! our last time to worry about exams.
28-29 Sectional Tourney at Greencastle.
- March** 1 March always comes in like a lion and with it comes the monsoons.

- March**
- 14 End of second grading period-just 6 weeks and 26 students will be turned out to struggle through life, and it will be a struggle.
 - 15 FHA and FFA Dance.
 - 21 Operetta
- April**
- 4 Senior Play - We all wondered if certain characters would ever learn their parts or if they would appear that night with their play books.
 - 12 Junior-Senior Reception. Every year they seem to get better.

This has been a very busy and a very successful year, financially speaking, for us Juniors. To begin with, we sold refreshments at the softball games in the Roachdale Park. Next came our magazine drive, and we were successful in reaching our goal of one thousand dollars. The losing side of this drive entertained the winners with a turkey dinner in November. As a result of a lot of hard work, we cleared one hundred dollars from our paper and scrap-iron drive. Next came the Junior Play, "Love Your Neighbor." All class members were included in the cast. During the year, we also gave away three sets of Emmon's jewelry. Our class party was held at Judy Gough's February 20. Last but not least was the Junior-Senior Reception on April 14. Our sponsor this year is Mrs. Marylou Garriott and our assistant-sponsor is Mr. Henry E. DeLong.
